

Expressions of Interest

The Studio has been established primarily to promote the Arts and artistic endeavour in the Shire of Mansfield. It is intended to be a flexible multi-function space for artists and craftspeople to work and learn together in a peaceful and picturesque setting.

The 2010/2011 Studio programme is currently being established.

We aim to develop a rich and varied programme, attracting a diverse range of skilled artisans to utilise &/or teach at the Studio.

Expressions of interest are invited from artists, craftspeople, community groups, businesses or individuals who would like to book Crockett Cottage Studio for 2010/2011 to run a programme or course or to utilise the Studio for private use.

An EOI will not constitute a booking but will form the basis of a Booking Agreement, should it proceed.
